

### *The Fall Quarter Welcome Message from the Dean*

Dear Members of the Emperor's College Community:

The dragon and the tiger are symbolic in the I Ching the book of Changes , representing different approaches to seasonal energies . These two energies can be seen as 'the ascent of the dragon lines' and 'changing like a tiger', thus after summer solstice the yang energies start to wane, it is the yin energies that need to be nourished...

We are now over midway into the quarter with fall registration just two weeks away.
