

## ***A Summer Quarter Welcome Message from the Dean***

Dear Members of the Emperor's College Community:

As we approach the summer solstice the yang is at it's maximum, and so is our Clinical faculty! We are very privileged and pleased to have returning senior faculty Dr. Jin YunHong joining our clinical faculty this summer quarter in addition to our Herbal Department bringing her 40 years of clinical experience. I hope each of you will enjoy and take the most out of all the opportunities that may come your way with these amazing supervisors.

Speaking of our amazing faculty, I want you to be aware of the fact that our clinical and didactic faculty have a combined millennium of clinical experience--yes, that's correct, 1,000 years of clinical experience!

We are now past the midway point into the quarter with summer registration just two weeks away.

update on where you are in your program [www.emperors.edu/masters-program/current-students/calendars-and-schedules](http://www.emperors.edu/masters-program/current-students/calendars-and-schedules).

Please come and see me to talk about any questions you may have about our amazing concentrations experience and how you can be a part of it. We've had such great positive feedback from the current participants who are completing both the Korean and Japanese concentrations at the end of this quarter.
