COURSE DESCRIPTION

This course provides training in the techniques of history-taking and physical assessment according to the western clinical paradigm. The emphasis will be on the hands-on training to prepare students to be able to perform the procedures of the physical examination with a high degree of comfort and skill. This course covers the complete physical examinations of the skin, head, sense organs, chest, abdomen, as well as basic orthopedic and neurological tests.

LEARNING OBJECTIVES

Upon completion of this course, the student will be able to demonstrate the proper techniques for performing physical assessment.

COURSE PREREQUISITIES

Pathophysiology I

REQUIRED TEXTS

RECOMMENDED TEXTS

COURSE REQUIREMENTS

10% = Attendance (only 2 absences permitted)
45% = Mid-Term Examination
45% = Final Examination

Classroom lectures represent the instructor's emphasis and focus on certain aspects of the course material. The student is responsible for the assigned readings.

GRADING SCALE: 100-90% A, 89-80% B, 79-70% C, 69% and below F

SPECIAL NOTES

REQUIRED MATERIALS: Diagnostic Kit with the following instruments:
1. Stethoscope
2. Sphygmomanometer
3. Reflex hammer
4. EENT Kit to include ophthalmoscope, otoscope,
5. Latex Exam Gloves
6. Penlight.

Professionalism and Full and Prompt Attendance: To pass any course (separate from academic performance) all students must meet requirements for professionalism in coursework. Professionalism includes full and prompt
attendance: Students who miss more than 2 class meetings in a 10-week course will earn an F in that course. Additionally, students who arrive more than 15 minutes to class or leave class before it ends will be marked tardy. Two tardies equal one absence. NOTE: Students who leave and return to class late from a break or leave during the class (especially if this is repeated) or who disrupt the class in other ways may be referred to the Academic Dean for professionalism.
