COURSE DESCRIPTION

This is one of four Anatomy and Physiology courses and is the prerequisite for the remaining courses in this series.

Anatomy and Physiology I examines the normal structure and function of the human Integumentary and Musculoskeletal Systems at the gross and intrastructural levels. It includes a detailed analysis of muscle actions, innervations, and clinically relevant origins and insertions.

LEARNING OBJECTIVES

The student will learn the structure and function of the human body from the Western viewpoint. A working knowledge of the body systems and their interrelationship to form a functioning organism will be attained over the course series.

COURSE REQUIREMENTS

Out-of-Class Work

To successfully complete the program, students need to plan studying a minimum of 2 hours out-of-class for each academic in-class hour; and half an hour out-of-class for each hour of clinical training.

Class Attendance = 10%
Coloring Book = 10%
Mid-term Exam = 40%
Final Exam = 40%
Minimum score to pass = 70%

Classroom lectures represent the instructor’s emphasis and focus on certain aspects of the course material. The student is responsible for the assigned readings. Exams will include material from both the lecture AND the assigned readings.

GRADING SCALE: 100-90% A, 89-80% B, 79-70% C, 69% and below F

SPECIAL NOTES
No texting or phone use permitted in class. No video recording is permitted under any circumstances.

**Professionalism and Full and Prompt Attendance:** To pass any course (separate from academic performance) all students must meet requirements for professionalism in coursework. Professionalism includes full and prompt attendance: Students who miss more than 2 class meetings in a 10-week course will earn an F in that course. Additionally, students who arrive more than 15 minutes to class or leave class before it ends will be marked tardy. Two tardies equal one absence. NOTE: Students who leave and return to class late from a break or leave during the class (especially if this is repeated) or who disrupt the class in other ways may be referred to the Academic Dean for professionalism.
